DESCRIPTION

Connector dedicated to those looking for maximum lightness and small dimensions. Designed for sport climbing and for assembling light quick draws. Available with a straight gate and Keylock system that allows easy clipping, or with a wire gate for extreme lightness, or with a screw sleeve making it one of the smallest locking connectors on the market Key Features: - Improved opening and capabilities thanks to the bent D-shaped - Slim profile for a small footprint - Double gate system for maximum safety - High quality product completely developed and manufactured in Italy - Tested piece by piece

Variants
