## **DESCRIPTION**

The PRO-Series Flush Mount base for Fresh Concrete is designed to be cast directly into concrete structures as part of new construction or renovation activity and provide a permanent support for the installation of a davit arm. The base sits flush with the surrounding surface to eliminate any trip hazard and may be covered with a sleeve cap when not in use to prevent contamination. Mild Steel/CS-500 Part # 30023 Mild Steel/Hot Dip Galvanized Part # 30043 304 SS/Sandblasted\* Part # 30024 316 SS/Sandblasted\* Part # 30039
