DESCRIPTION

A belay plate that can be used in many different conditions. - Innovative three hole rigging plate for 5 people, it can also be used as a brake for rappelling with single or double ropes. - It is a very useful device for rescue operations, the natural choice for mountain experts. It allows a cleaner belay point avoiding tricky and cumbersome chains of carabiners and plates. The wide upper hole is able to accommodate two connectors for greater safety. When used as a descender, it works with ropes from 8 to 12mm
