

Intermediate Glider - Runner

LGR HL 603 Intermediate Glider - non roller

Certification

- EN795:2012 Type C; CEN/TS 16415: 2013

DESCRIPTION

The runner / carriage body is made of SS-304/ 316 material so that no spark or friction or static electricity is generated while it is moving on the SS wire rope. Also the carriage body passes easily through the intermediates and the corner brackets without any disconnection to the device.
