

LGR G-One

Ascend Descend Two way Auto lock Suspension system.

Certification

- ANSI Z359 :4: 2007

Industry Type

- Oil and Gas/Mining
- Chemical and Pharma
- Fire and Disaster Mgmt

DESCRIPTION

Lifegear G-one is the latest innovation in Rescue, Confined Space working and Work Suspension Systems. The G-one Pulley has an over-speed brake built in so that the Pulley will lock on and hold when a fall occurs. The load rated Becket Eye on the G-one means that it can be used in combination with Prussik Pulleys to create a 3:1 or 5:1 Mechanical Advantage System. The unique design of the G-one (design patent applied for) means that an internal brake is not required and therefore it is capable of several thousand cycles and many arrests (minimum 12 monthly service intervals apply).

Variants

PRODUCT CODE	WEIGHT	MATERIAL	COLOR	MBS (MIN BRAKING STRENGTH)	NUMBER OF PERSONS	WORKING LOAD LIMIT	COMPATIBLE WITH ROPE DIAMETER
RP-431 / G-1	1.2 KG	ALUMINIUM	RED	25 KN	2	250 KG	11 MM
