

## **Metal roof anchor post**

**LGR HL - 720 (02) Rooftop anchor post - Metal sheet**

**Certification**

- EN795:2012 Type C; CEN/TS 16415: 2013

## DESCRIPTION

Anchor Post is a post which is placed on ends and at intervals as intermediates of the system which form as an anchor point for wire rope running across the system. The anchor post is rivetted on the roof with help of blind rivets or nut bolting. Each post will have min 12 rivets. Metal Roof post is best suitable for flat metal sheet, trapezoidal sheets, Standing seam sheets etc.
