DESCRIPTION

Self-closing carabiner with semi-rigid webbing: an aid to reach the most distant bolts Panic is fitted with: tubular webbing with an inner flexible bar that allows it to be held straight or slightly curved a special connector equipped with an ingenious system that keeps the gate open until it comes into contact with the bolt. At this point the mechanism releases the gate and the connector closes automatically. The mechanism also prevents accidental gate opening when it is under load. Panic is perfect for reaching and clipping distant bolts while onsighting, projecting and exploring new routes. Available in the standard version (30 cm) and XL version (45 cm).

Variants

PRODUCT CODE	COLOR	WEIGHT(gm)	MATERIAL	MBS(Minimum Breaking Strength KN)
907SET001KK	Black / Green	115gm	Aluminium alloy	25KN
907SET002KK	Black / Orange	135gm	Aluminium alloy	25KN
