DESCRIPTION

The "CRUISER SS" represents years of R&D by Cascade Rescue and features new patent-pending devices that are sure to make every patroller's life easier! The "Cruiser SS" highlights the continued refinement and evolution of our groundbreaking hammerhead toboggan originally introduced in 2001. Its shape, longitudinally and laterally chambered hull, contours and form have often been copied by others. After over 10 years and countless hours of testing, we are finally proud to introduce the NEW CRUISER SS! The Cruiser SS comes with our Three Position Handle Lock System (Patent Pending). One size does not fit all Three different adjustments allow the user to vary the height of the handles according to patroller height, preference or even the terrain that will be traveled. Comes complete with an integral Snow Spray Guard. Shipping weight is 75 pounds. Standard Features: Right and Ready Adjustable Handles (Patent Pending) Sure-Grip Knurled Handles with T ends. Snow Slick HD 6061 Aluminum Top Edge Integral Spray Guard Removable Stainless Handle Mounts Chain Brake and Chain Brake Release Quik-Detach Hard-point Belay Tail Rope Four Easily Replaceable Carry Handles Patient Comfort and Insulation Pad Additional Options: Slide Arrest Anchors Belay Points FastPax Patient Restraint System Stainless Steel Handle/Bumpers Sled Loader Rings
